

Soil Lifter

Applications: A pH-neutral pre-spray especially for upholstery.

A pH-neutral pre-spray especially for upholstery and powder dry-cleaning. Soil Lifter contains a highly effective combination of solvents and surface active substances. It is suited for the solution of even the most difficult cleaning problems. It may be used as a pre-spray on upholstery and carpets of all textile and fibre types. It is fast-drying and has a weak scent which makes it ideal for powder dry-cleaning.

Soil Lifter is diluted 1:6 (1.6 litres Soil Lifter with 10 litres water) with water and sprayed onto the surface to be cleaned. It should be left to work for about 15 minutes. Afterwards the upholstery is extracted and carpets are cleaned using the powder dry-cleaning method.

Standard Specifications:

Structure at 25°C: liquid
pH at 20°C: 5.5 - 6.5 as a concentrate
Density: 0.905 - 0.925 g/cm³

Shelf-Life: 2 years after first opening.

Storage: Frost free. Closed properly. Dry.

Contents (acc. to 648/2004/EG): <5% nonionic surfactants, perfume (d-limonene).
Other contents: Organic solvents, organic acid, and water.

Biological Degradability: This product fulfills the criteria stated in the EU directive EC 648/2004 concerning detergents.

Article No. 72005

Packaging: Box of 4 x 5L.

Hazard Symbol(s):

Signal Word: Warning.

Hazard Statements: H319 Causes serious eye irritation.
H315 Causes skin irritation.
H412 Harmful to aquatic life with long lasting effects.
