

Origo 100FX

Wet flat mopping trolley system

Back View

Front View

An entry level trolley for general use in all cleaning environments. Complete with the unique UltraSpeed flat mopping wringer, buckets, waste collection and storage.

The word Origo means 'Centre', and the new Origo Line the centre of a complete cleaning system.

All Vileda Professional cleaning equipment fits perfectly into place, and you can easily switch between different cleaning methods and systems.

Mopping System

The UltraSpeed Microfibre System was designed to meet two goals; High cleaning performance and total simplicity

The result was a floor cleaning system that sets new standards in usability, versatility and efficiency.
