

Origo 500HX

Pre-Prepared flat mopping trolley system

The Origo 500HX is designed for use with the swep and swep-duo pre-prepared flat mopping systems with storage boxes for upto 40 pre-prepared mops allowing cleaning of upto 1,600m². The 500HX is manufactured from anti-rust, zinc plated varnished steel and allows the option to retro-fit and re-customise if your requirements change in the future.

The word Origo means 'Centre', and the new Origo Line is the centre of a complete cleaning system.

All Vileda Professional cleaning equipment fits perfectly into place, and you can easily switch between different cleaning methods and systems.
