# ECO-Matic

## Product Features

**Engineered from the highest quality recycled plastic using environmentally sustainable ReFlo Technology, the ECO-Matic range benefits from 100% Structofoam construction, making it tough, easy to clean and built to last.**

Attention to detail and practical engineering ensure complete customer satisfaction in operation, versatility and convenience.

**On-board Waste Facility**  
Convenient, fully-lidded 120L waste facility; right there when you need it.

**Buffer Kit**  
Non-marking rotating buffers for extra wall and door protection.

**Shelf Storage**  
Open shelf storage for easy-access to all your cleaning equipment and supplies on the move.

**Industry Colour-coding**  
Industry colour-coding for effective infection control.

**Drawer Storage**  
Enclosed drawer storage to keep supplies tidy and out of sight.

**Security Options**  
Peace of mind in public areas with optional security features.

**Twin Waste Option**  
Choose between 120L or 2 x 70L waste options.

**Optional Floor Sign**  
Compact and easy to store design.

\* Stated figure represents maximum use of recycled plastic in ReFlo Janitorial range, not including kits and accessories.

**Following extensive research and testing, we have introduced ReFlo Technology to our VersaCare range.**

ReFlo Technology uses the highest quality recycled plastic within our manufacturing processes, delivering the same Numatic reliability, durability and quality as always.

Providing a tough Structofoam construction, ReFlo Technology ensures our products are both sustainably engineered and built to last.

**Quick and Easy Assembly**

Get straight to business; each model can be quickly and easily assembled in less than 15 minutes.
