

NuKeeper in use...

The NuKeeper flexi-front pull through system is classic in both design and use. Always there when you want it, equally not there when you don't.

Easily locates back or front.

Full shelf options (FS model)

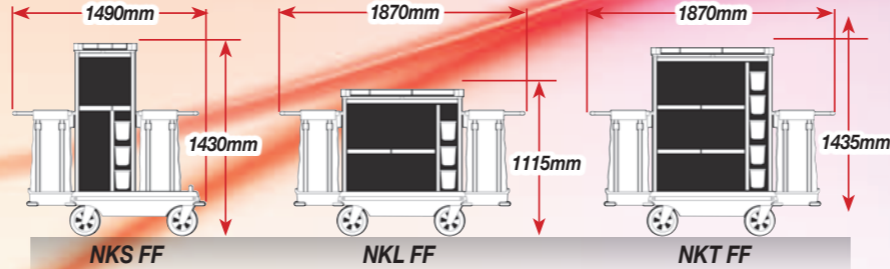

An optional 100-litre outboard laundry bag extension kit NKA-100 is available. All laundry bags are easily detached, closed, and incorporate 2 large drag handles as standard – our classic “Do Everything” design.

Bag Kit NKA-100

NuKeeper Specifications

The NuKeepers form the basis of a professional housekeeping system. There are many varied options that can be used in conjunction with each model in the range and these should be considered when making your final selection. In addition there is a full range of laundry trolleys, big, small and folding type, that match the NuKeeper range in every way and should also be reviewed when developing a fully operational housekeeping system.

Model	Bags	Drawers	Castors	Size

NuKeeper... The Professional Flexi-Front Housekeeping Range

The NuKeeper flexi-front range is selected by 50% of users due to our innovative design and the practicality of the flexi-front central module cover... disappears when not needed - always there when needed - instantly.

NKS-11/12FF (NKS - NuKeeper Single, FF - Flexi-Front)

Just take one look at the construction - a full Structofoam chassis, 200mm soft ride castors and all round soft bump and corner protection. A single storage module with 3 internal drawers and one inboard 100-litre laundry bag as standard (NKS-11FF); with an optional second outboard kit NKA-100 available making an NKS-12FF.

NKS-12FF

The pull through flexi-front closure system stores out of sight when open but closes in seconds.

The aim is to be practical in use and tidy when not...

NKL-17FF

NKL-15/16/17FF (NKL - NuKeeper Low Line, FF - Flexi-Front)

The NuKeeper low line models are exactly that, lower than the NKS and NKT's yet with all of the NuKeeper features and designed for medium size establishments.

The design is classic - our Structofoam chassis with 200mm soft ride castors and all round bump protection. Plenty of internal shelf space and drawer storage... wide and easy to use. Available with the option of one or two outboard laundry bag extensions (kit NKA-100). With one kit the model becomes the NKL-16FF or with two kits it becomes the NKL-17FF.

NKT-20/21/22FF (NKT - NuKeeper Twin, FF - Flexi-Front)

The most generous model in the NuKeeper range providing plenty of shelf space and internal drawer storage. The three sided panel style is neat, tidy and professional which is complemented by the simple Numatic original pull through front cover system, it stores in the back out of sight during use but is instantly available when needed.

Available with optional outboard laundry bag extensions (bag kit NKA-100) which, when specified with

one becomes the NKT-21FF or with two the NKT-22FF. A better housekeeper would be hard to find.

NKT-22FF
